

# Zoom Etiquette

How to Navigate the  
Remote Classroom

# Video

## → Why is Video important?

- ◆ We feel more connected and engaged
- ◆ Helps with holding yourself accountable

## → Better Quality Instruction

- ◆ We read your body language to check for understanding

# Video Etiquette

## → Virtual Backgrounds

- ◆ Is this image safe for work?

## → Screen Sharing

- ◆ Be aware of the content on your computer

# Audio Etiquette

## → Muting

- ◆ Try to mute when you're not talking

# Virtual Classroom

- **Come Early**
  - ◆ Classroom opens at 8:45am (PST)
- **Class starts promptly at 9am (PST)**
  - ◆ If you'll be late, you are expected to communicate with an instructor via Slack
- **We take breaks throughout the day**
  - ◆ Feel free to turn off your camera for short breaks
  - ◆ Our breaks end at a definite time (usually posted in Slack or chat)
  - ◆ Make sure your camera is back on after the break is over

# Asking Questions During Lecture

## → “Raise your Hand”

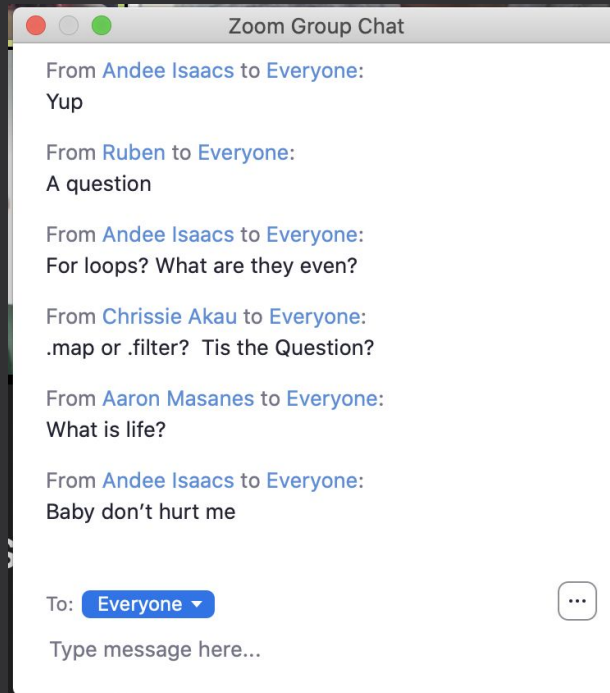

- ◆ Physically or using the emote in the “reactions”

## → Chat Box

- ◆ Very useful for questions you want to ask but don’t want to interrupt
- ◆ Difficult to see when screen sharing
- ◆ If you see a question in the chat box you resonate with and it hasn’t been answered--  
feel free to ask it yourself
- ◆ Affirming others through chat is easy and is helpful

## → Feel free to unmute yourself and interrupt!

- ◆ Often others have the same question you do!
- ◆ If something is not clear, please ask! This will help prevent issues later.

# Lecture Recording

- Each Lecture at LEARN is recorded for you
  - ◆ Video is not used for marketing purposes
  - ◆ Videos will be hosted on youtube and are Unlisted; only those with the link can view them.
- Zoom uses built in Recording software
  - ◆ The Recording announcement is loud and obnoxious; you must agree to be recorded each time
- Lectures will be accessible through your class's Google Drive
  - ◆ LEARNers 2021 Charlie
  - ◆ Pinned to the 2021C Slack channel
- Lectures are usually up on youtube by the EOD

# Breakout Rooms

- At LEARN we use Zoom's breakout rooms for pair and mob programming
  - ◆ Breakout rooms are "rooms" made available to video call we are all on.
  - ◆ They are opened or closed by the "Zoom host"
  - ◆ You will be "invited to join" when the rooms are opened.
- You can move breakout rooms as you need
  - ◆ The "leave breakout room" and "leave meeting" button take up the same place on Zoom depending on
  - ◆ You can join a new breakout room by clicking on the "breakout rooms" tab and clicking the blue "join" next to each room.
- At the end of our work sessions rooms will be closed with a 1 min warning.

# Remote Control & Annotations

- Zoom allows use to control others screens with the Remote Control tool
  - ◆ It can be found in the drop down menu "view options" when someone is sharing their screen
- Having your computer screen controlled is ... weird. Let's keep it rare.
  - ◆ Please be respectful
    - "May I drive?"
    - "I have an idea may I show you?"
- Annotations allow us to "Mark Up" the screen sharer's screen
  - ◆ Also found in the "view options" drop down menu
  - ◆ Can be useful for communication and understanding
  - ◆ Can become obnoxious if not used respectfully
  - ◆ Be prepared to quickly clear the screen from the same menu

**Give Annotations a try!**

Navigate to the annotations and markup this page

# Internet Issues?

- Close other apps on your computer
- Restart Zoom
- Restart your Computer
- Restart your Modem
  - ◆ The modem contains a cache that can become overloaded with invalid data
  - ◆ This can slow down your modem's data transmission rate
- Connect Via hardLine
  - ◆ By using a lightning dongle to connect your computer directly to your modem's ethernet cable
- Turn Off your Video
  - ◆ Let the group know via Chat or Slack that you are having connectivity issues

# Reactions

- Reactions are a helpful way to show your response
  - ◆ Found in the bottom bar of your zoom
  - ◆ Feel free to use and overuse your reaction

Go ahead and Give the reactions a try!
